Hi there. Got this inquiry from Seth. Not sure if he contacted anyone else. I'm in transit but wanted to forward it you to prepare a response. If it's a simple answer that our review and response to comments is still not complete, I can get back to him. I take off in an hour. Please cc Rich in case I'm in the air. Thanks!

Lisa,

I saw a news released today about an ASLB memorandum and order pertaining to Azarga/Powertech, <http://www.marketwired.com/press-release/aslb-decision-moves-dewey-burdock-closer-resolution-final-nrc-license-contentions-2237930.htm?mwfsmw>, and it made me wonder where things stand with the UIC permits. Can you tell me anything about the status of the EPA's consideration of the draft permits?
